WINTER PROGRAMME 2014/2015

ALL LECTURES ARE HELD IN THE MANX MUSEUM LECTURE THEATRE, DOUGLAS AT 2.30 PM FOLLOWED BY TEA

Saturday 11 October
Yvonne Creswell: Archibald Knox: The Man behind the Art
The talk will begin with an overview of the work of Archibald Knox and then concentrate on The Deer’s Cry. Yvonne is Curator of Social History at Manx National Heritage.

Saturday 11 October
Pat McClure: A Gift from the 10th Earl of Derby to the People of Castletown
In 1705, James, 10th Earl of Derby, sent a marble altar slab engraved with a glided inscription to the people of Castletown for use within his chapel. This illustrated talk considers the slab’s provenance and how it was used. Yvonne period of use and insecurity ever more than 300 years were outstanding for liturgy but at all times within social and political contexts.

Saturday 6 December
Peter Geddes: Mines of the Isle of Man
This illustrated presentation from above and below ground will discuss the work of the Laxey Mines Research Group, of which Peter Geddes MBE is the Group’s Project Planner and former Chairman.

Saturday 10 January
Andrew Johnson: Manx Kevills: A Reassessment of the Physical
A century on from the antiquarian activities and enthusiasm of the Manx Archaeological Survey, the kevills are still a focus of interest. Some recent reassessments of a handful of individual sites suggest that a reassessment of the structural remains would be both timely and useful.

Friday/ Saturday 13/14 February
Edward Forbes Bis-Continuum Seminars: A Celebration of Manx Marine Biology and Conservation
An exciting two-day programme of short presentations by speakers who are carrying out marine research and conservation on the Isle of Man and lapel hiatus by eminent marine biologists. This seminar will be jointly organised by the Society, MNHS and DEFA and as soon as the full programme is finalised it will be posted on the Website and Facebook or phone contact Clare Bryan, Hon Secretary for details.

Saturday March 21 at 2 pm
ANNUAL GENERAL MEETING
Followed by – Peter Davey: From Turkey to Tanganyika - The Origins and Floruit of the Laxey Pipe Factory
Tobacco pipes were produced in the Laxey Pipe Factory between 1965 and 2002 and were widely traded. This talk will focus mainly on the nature and economics of the manufacture of these products and their place in the history of the exploitation of this mystic material throughout the world. Peter Davey, Honorary Fellow of the University of Liverpool, is former President of L’Academie Internationale de la Pipe and a leading expert on the archaeology of the clay tobacco pipe.

Saturday May 9
Symposium on the 25th Anniversary of the Revivestok
A one-day multi-disciplinary symposium - further details and application forms will be available in 2015. Annual Subscriptions are due on 1st March 2014: individual subscriptions will be sent
